Equipment & Printing Supplies

Most of you who read this need no introduction to the Kelsey Co. Ever since 1872 we have been furnishing printing supplies to firms and individuals all over the world. Many have taken the opportunity of visiting us when in the vicinity of Meriden.

Our big stock of printing supplies and location with excellent shipping facilities assure you of unusually good service. Letters posted within a radius of a thousand miles (including Chicago or further) reach us the next day, so orders can be filled and shipped that night. If you live beyond Chicago, airmail, costing only three cents more, will deliver mail to us just as fast. Airmail time from the Pacific coast to Meriden is 24 hours, except from Seattle and Portland areas which is only 2 hours more. Florida airmail reaches us in 24 hours and airmail letters mailed at Nassau, Bahamas, West Indies at noon are in our hands the next noon! **RESULT:** Orders are shipped that night, only one day after you decide to order, whether you live in Conn., New York, on the Pacific coast or in the West Indies!

What Others Say About Kelsey Service

NEW YORK:—"I want to express my sincere thanks for the prompt attention given our last order. I cannot emphasize too strongly how much we appreciate dealing with a house which values the customers' good will as you have strongly demonstrated your company does, by 'going to town' on our small order."

NEWFOUNDLAND:—"For some years past we have been securing printing necessities from you. As we had to write you about other matters, we thought it an opportune time to pass along our thanks for the splendid service you have given us. We know what it means to be a long way from our source of supplies, but you have given excellent satisfaction."

MARYLAND:—"I greatly appreciate the manner in which you have handled my orders. Shipment has been prompt, without mistakes, and everything of good quality and workmanship. From quite a few years' experience and observation in mail transactions, I have found it far more satisfactory doing business with you than with any other concern in the printing supply business."

OKLAHOMA:—"I have ordered most of my supplies from you, since I found the quality better than I could obtain locally."

PENNSYLVANIA:—"I appreciate the many times you have used your own judgment where my orders were not clear. If things were not satisfactory I would let you know and I think it only fair to tell you when they are. When I order from you I know when to expect it, and just what I will get. I have found nothing misrepresented and have not been disappointed in a single thing. I do not know of a place where I can do better or get as honest or dependable service, and it is indeed a pleasure to deal with you."

VERMONT:—"I wish to comment on the splendid service which I have received from you. All my orders except one have been mailed on Saturdays. Parcel post was in my hands on Tuesday, freight before the week was out. Nobody can complain of service like that."

FLORIDA:—"Your products fulfill every expectation with a large measure over. This sounds as though I am pleased, doesn't it?"

OHIO:—"In all the years we have dealt with you there has never been a poor piece of merchandise received, or a mistake in an order."

SOUTH CAROLINA:—"The express shipment arrived in good shape, being put up with your usual care."

MICHIGAN:—"We received our last order of goods today. Thanks for the speed—it came in double-quick time."

IDAHO:—"While I'll admit we are quite a way apart, when I consider the courtesy and promptness with which my orders are handled, I am well satisfied."

TEXAS:—"I am an old customer of yours whose dealings with you in the past have been extremely satisfactory."

Terms of Payment. Cash with order. On orders for \$10.00 or more, if one-third cash accompanies order, balance may be sent C.O.D. in the U.S.A. Send check, Post Office money order, or U.S. postage stamp (except airmail). When shipping charges due amount to twenty-five cents or more we ship C.O.D. for balance, and on small orders if the amount due is less than twenty-five cents. Any amounts due on previous orders, will be added to last order and collected C.O.D. Western Union. Telegram will send money as well as messages by wire. **Before sending in your order,** look carefully over your catalog and be sure you have included everything you need. We must respectfully decline to fill orders amounting to less than one dollar, because the loss on such orders is so great that we must otherwise make it up in some other way and we prefer to keep prices low. Many orders for less than two dollars are handled by us at an actual loss and we earnestly request the cooperation of our customers in reducing this whenever possible.

COMPLETE STOCK 24-HOUR SERVICE

ILLINOIS:—"I think that you are the first people I ever bought from that actually lived up to their promise in the matter of 'one-day service'. On several occasions I have mailed orders to you and to someone in Chicago at the same time, and in most cases your order would be here two days before the one from Chicago, which is only 35 miles away. Such promptness is certainly appreciated."

MASSACHUSETTS:—"I want to thank you for the splendid service which you have rendered in the past. It has been this service, as well as your prices on supplies which has influenced us to place our orders with you."

A Genuine Leather Card Case Bargain

Several manufacturers of fine leather goods have pieces of genuine leather left over when getting out their goods which are big enough

to make beautiful card cases, as shown in the illustrations. This one case holds all sizes of cards up to and including Salicruan and Bismarck. It is made of fine leather and has a beautiful design sewed, leaving the other two sides open for quick insertion or removal of cards.

At this price, which is much below anything we would be able to quote if full size leather

pieces were to be cut up, we are only able to furnish the cases in assorted leathers. Any and all of these are superior to anything we have ever sold in our entire history. Please write us the kind of leather you want and we will send you the kind found in cases costing several dollars apiece.

Remember, one size holds cards A, X, D and C, which will keep down your stock. You can get them at once and they will last for years. They are made of fine leather and are more for them. Beautiful, brown, black, green, and many other colors, in all the most popular finishes.

Write for a card case and see for yourself. In lots of thirty-five, **15** each; eleven to twenty-four, **18** each; six to ten, **20** each, sample, **25**. Remember that a single case will show you only one kind of leather, and at the same time you can see all the different sorts than as the leather people can furnish us the stock, so we urge that you order at least a dozen at a time to get the range of the beautiful leathers.

G

Useful when setting or making up
forms, especially forms which are too
large to go in the composing stick. Also
to hold forms that you want to keep set-
up. Rustproofed steel.
From actual experience in our printing
department we find these the most practical
sized.

IMPOSING STONE

Chase. You can use this flat form when placed on this surface. **MADE BY** *Patented and polished perfectly true*

Imposing Stone, marble, planed and polished perfectly true and level for use in locking up forms. Sizes:

36 x 36 inches, two inches thick, 6.60

Shipping Weight, 40 pounds

18 x 18 inches, 1 1/2 inches thick, 4.50

Shipping Weight, 33 pounds

8 x 12 inches, 3/4 inch thick, 2.95

Can be used as ink slab.

Shipping Weight, 11 pounds

Imposition Blanket, a rubber and corked fabric with a perfectly smooth and resilient surface, to make easy the printing of large forms or jobs containing type which is slightly worn. Altho we do not recommend it in place of make-ready or the proper amount of impression on new type and small forms, it will enable you to eliminate a certain amount. Especially manufactured for the purpose and used by all large printing establishments. Cut to any size, per square inch, .02

Cut to size for various presses.

Press Parts, Rollers, Extra Letters

IMPORTANT WARNING

Most sizes of presses have been made for MANY YEARS and parts are NOT all INTERCHANGEABLE.

IF YOU ORDER ROLLERS OR PARTS:

It is necessary for you to know the style or model of your press if your press has a model letter that and the diameter of your rollers or of your roller wheels is all the information that we require. If not, please specify:

1. Full length of roller wheels.
2. Diameter of roller wheels.
3. Whether gripper bar is round or square.
4. Exact inside measurements of chase.
5. All lettering on your press.
6. All lettering on your parts measure other parts and send us the measurements.

All current models of our presses have a model letter. Some machines with model letters, as well as all machines having no letters, are old models. The prices of these parts quoted here apply to **current model presses** only. We cannot furnish parts for old models. If you have an old model press, your rollers will not fit them. No credit will be given on our parts or rollers ordered for other machines, if returned.

RECASTING current model rollers. Prices per roller.

Return rollers complete with old composition on them.

Junior 3x5 5x8 5x10 Victor Star Union Hand 3x13 or 5 inch

.70 .85 .95 1.00 1.00 1.18 1.28 .85

RECASTING old models and other makes. Prices per roller.

Return rollers complete with old composition on them.

Up to and less than 1 inch 1.50

Up to 1 1/2 inch 2.25

Up to 2 inch 3.00

Up to 2 1/2 inch 3.70

Over 2 1/2 inch diameter—ask for prices. These are specially cast and cannot be shipped the same day as are rollers for our current models which are carried in stock.

Our rollers per inch press or larger add 15 cents per roller unless you send them to a strong, wood bar, large enough to hold all rollers and make them easily. If you prefer, send us the rollers and make them easily. If you prefer, send us the rollers and make them easily.

NOTE: No credit given for returning EXTRA rollers credit only on rollers to be recast and returned to you.

Spaces and Quads ARE included with Conn. Type Spaces and Quads are NOT included with N. E. Type

Air Mail Envelopes

Printed red, white and blue "AIR MAIL" in the front. Standard Government approved design. Substances 20 pounds.

Quantities of	500	1,000	5,000	10,000
Prices per	\$2.18	\$2.16	\$2.15	\$2.02
Shipping Weight 1 M-4 lbs.				

Air Pilot Envelopes

Same as extra thin, tinted inside to prevent showing thru of contents—keeps weight down. (Ask for Air Pilot when ordering.)

Quantities of	500	1,000	5,000	10,000
Prices per	\$2.85	\$2.72	\$2.73	\$2.60
Shipping Weight 1 M-4 lbs.				

Reinforced Shipping Tags

Made from strong manila tag board with hole reinforced by tough paper patch on each side.

Shipping tags are used to address shipments, route and keep track of work in factories, direction tags on finished goods, etc. Almost all business men use shipping tags and the printing and the design are for the ambitious printer.

Notes:—You can mix or assort any of the 5,000 or 10,000 lots, using the 5,000 or 10,000 price, but do not order less than 500 of one kind, size or color of cards. We do not break, or sell less than, 500 lots. For other sizes use full sheet price (pg. B-4) plus cutting charge, **CUTTING, PUNCHING, CORNERING**—In case our regular cut sizes do not meet all your needs—or if you wish punching or round-cornering done—we perform this work **before delivering**, on stock purchased from us at the rates given on page B-8. Cutting charge is for one size only, and 25 per cent for each additional size out of a sheet.

Cutting Charges on Special Sizes of Paper, Cards, Blotters, etc.

MISCELLANEOUS

Lineoleum Block Printing Supplies

Lineoleum Blocks

You can cut your own design on these blocks, and save the cost of electrotypes. Use a knife for cutting, or our lineoleum cutting tools. Fine for making illustrations, lettering, maps, pictures, posters, etc., which can be printed on your press.

Our blocks are mounted type high, best grade lineoleum used, blocks five ply laminated, to make them non-warping.

Lineoleum Blocks, Mounted

Size	One	Dozen
2x2	.25	1.50
2x3	.35	2.10
4x6	.65	6.65
6x9	1.50	15.00
9x12	2.70	25.60

Lineoleum, Unmounted

Size	One	Six	Dozen
2x2	.20	1.00	1.80
3x3	.25	1.25	2.25
4x6	.30	1.50	2.70
6x9	.40	2.00	3.50
9x12	.50	2.50	4.50

Am't. 4 of ea. size, 2x2, 3x3 & 4x6, 1.92
Best grade 1/2-in. lineoleum, not mounted.

Lineoleum Cutting Set No. 6

Set of 6 tools, (knife, U-shaped gouges and V-shaped veneers with plastic tool handle (blade locks in metal)) \$2.00

Moistens the tape as need and prevents waste as you draw off just the amount needed each time. For tape up to 1 1/2 inches wide, 3.50; for 3 inch tape, 6.00
Ship. Wt. 1 1/2 in., 6 lbs.; 3 in., 10 lbs.
For tape, see B-section (Paper and Card Dept.)

Planers

Planer, made of hardwood with a smooth, flat surface; used for planing (smoothing) down type forms, etc.
Size 6x24x1 1/2 in. Ship. Wt., 1 lb. .50

Proof-taking Planer

This planer is of large size (3 1/2" long, 3 1/4" wide, 2 1/4" high) varnished maple, with thick, high grade felt on its face, and leather (2"x3") top. Proofs may be taken easily with this planer, without damage to type, by inking form, laying sheet on, and tapping planer with mallet or light end of hammer. (Not to be confused with ordinary wood planer used for planing or smoothing type forms.) 2.65

Planer, Large

Same large planer (leather top) but with-out felt, for planing down form, 1.55
Shipping Weight, 3 pounds

MALLET

Handwood: length, 11 inches, head, 5 in. .55
Ship. Wt. 1 lb.

Handy Cleaner Can Improved can for gasoline, benzene, naphtha, kerosene or any liquid which is inflammable or liable to rapid evaporation. Easy to draw liquid from when needed. Strong and durable.

Pint size, 1.75 Quart size, 1.90

Shipping Weight, 3 pounds

Useful when setting or making up forms, especially forms which are too large to go in the composing stick. Also to hold forms that you want to keep set-up. Rustproofed steel.

From actual experience in our printing department we find these the most practical sizes.

Sample Set Of Bookbinding Material

Here is a set of bookbinding supply samples, which will make it easy to order what is required.

A sample piece of all coverings and bookbinding samples. (about 16) **.25**

A USABLE Bookbinding Set

Here is a sample set that contains enough supplies to cover a book about 6x9 inches in size. The materials listed below have been selected to show you how easily you can bind a book. Also included in this sample set are about 16 pieces of coverings and bookbinding samples, which will make it easy for you to order what you need for the jobs you receive.

This set includes—a Bookbinder's Guide, 2 pieces of Binder's Board, 6x9; 2 End Sheets, 9x12; 1 piece of Supercloth, 2x8 inches; 1 piece of Buckram, size 12x18 (any one color); 8 inches of Silk Headbands; $\frac{1}{4}$ pound of Flexible Glue. **\$1.50**

Hand Embossing Wheels

These wheels can be used for borders, gold tooling, etc. If desired the wheels may be heated and the designs burned into the cloth or leather, as they are of hardened steel. Only one handle is needed, as the thumbscrew permits changing wheels at will.

For those who desire other sizes in quantities shown above, we offer other sizes cut to order for same price as next LARGER ready cut size.
Example: 13 or 14 pica leads cut to order, \$1.90 per 100; 25 pica leads cut to order, \$1.23 for 60; etc.

Cabinet-Front Type Cases

Illustration of California Full Size type case showing the strong construction of these cases. Bottoms are made of non-warping, moisture-resistant Masonite Presswood and they all are equipped with patented steel shoes to make case slide easily, without sticking.

Cross-section side view of case, showing steel cabinet front, combination Pull and Label Holder, also Presswood bottom.

Illustrating steel case shoe furnished on all Cabinet-Front type cases. Makes cases slide freely since the weight of case and contents is carried on these shoes, and bottom of case does not come in contact with case pans.

NEW STEEL SHOE
Patented

Brass & Metal Rule, Composing Sticks

Brass Rule Corners

For use with Brass Rule

Round Corners are cast with a solid body, eighteen points square, mortised square inside and type may be set right against them.

Set of four of any one style, 1.20

Square Corners are made from rule brazed together. Type may be set close to the rule. To match Rule 302, invert 308S, 201S, or 325S.

Set of four of any one style, 1.75

Mitered Rule

Brass rule mitered to make a box (frame) in any size measurement as follows:

2 pt. rule, not more than 23 inches around the four sides (example: 3 in. wide x 4 in. deep - or, 4 in. wide x 7 in. deep) **1.20**; More than 23 in. but not more than 46 in. around all four sides, **1.95**

Size 2 pt. 3 pt. 4 pt. 5 pt.

1 box less than 23" around **1.20 1.45 1.50 1.95**

2 boxes each less than 11" around **1.70 1.95 2.00 2.45**

1 box larger up to 46" around **1.95 2.45 2.60 3.50**

Mitered boxes of metal rule 25% less.

Note: 7 ins. form is excluded in a box (frame) less than 23 inches around - actually 7 3/4 inches.

Cutting Charges

on Brass or Metal Rule

(STEEL RULE, double charges below)

Add to cost of rule:

2 to 4 cuts, per strip - - - \$.25

5 to 9 " " " " - - - .30

10 to 14 " " " " - - - .35

15 or more " " " " - - - .50

25¢ off on 5 strips or more cut to one size.

An allowance of one-half pica for each cut must be made on all rule.

Mitering Charges

on Brass or Metal Rule

Add to cost of rule plus cutting charges:

45 cents for each 4 corners (8 mitered ends).

Example: 1 strip No. 300 brass rule .52

Cutting charge, 4 pieces 5 in. long .25

Mitering 4 corners (8 ends) .46

total 1.23

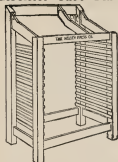

Note: When ordering rule cut and mitered remember to figure the outside dimensions of the desired border; for example, this piece of rule should be figured as three pieces long instead of two pieces.

Roller Containers

Made of heavy fibre board, screw-on top, metal ends and wood centers. Keep dust off and prevent extremes of moisture or dryness from affecting your rolls.

Made in 3x5 and 6x10 sizes only. **25 cents a pair when ordered with rollers (or recast). 45 cents a pair if ordered separately.** Specify size desired when ordering.

Excelsior Case Stand

Can be furnished for two-thirds or full size type case

Holds twelve cases (fourteen including two on top) regular Excelsior or other two-thirds cases. A very strong, durable stand made of hard wood and put together with bolts in the most substantial manner. Will last a lifetime. At this low price you cannot afford to let your cases lie around haphazard.

No. 41 Excelsior Case Stand, for all two-thirds size cases, - **\$21.50**

No. 43 Excelsior Case Stand, same as above for full size cases, - **21.50**

No cases included at above prices. See Price List for prices of cases to fit either Case Stand.

Shipping Weight, No. 41, 57 pounds; No. 43, 46 pounds.

Utility Case Cabinet

No. 715

(steel) holds twenty quarter-size cases.

Handy for storing all quarter-size cases, such as, Brass Rule, Cap Figure, Space and Case, etc. Olive green baked enamel finish, height 18 1/2 inches. Floor space 10 1/2 x 15 1/2 inches. Without cases, **\$5.75**.

Shipping Weight, cabinet only, 57 lbs.

Steel Working Cabinets—Flat or Sloping Top

These cabinets are the best on the market. They are used in the finest printing shops; are dustproof, take little space and will prove time-savers to any printer.

While these cabinets were originally designed for the use of cabinet-front type cases, they can be used with any ordinary type case, if the lip at the top is shaved off and a drawer pull handle applied to the case. All of these steel cabinets have smooth baked enamel finish, the top is a durable black baked enameled finish. The Flat Top Cabinets are 48 inches high. The two-thirds size cabinet is not made with slanting top.

No. 641C Flat Top Cabinet with 1/2 cases

Nos. 143 and 643 bodies are 21 1/2 inches deep and 34 1/2 inches wide. These cabinets are, as can be seen, 4 inches deeper than the normal depth of the type case, so all compartments of every type case can be reached by pulling out the case without taking it out of the cabinet.

Note—The flat top on No. 643 cabinet can be removed at some later time, if desired, and No. 143 working top substituted.

No. 041 Flat Top Cabinet, to hold two-thirds cases, steel, baked enamel finish, without cases, - **\$44.25**

No. 043 Flat Top Cabinet, to hold full size cases, steel, baked enamel finish, without cases, - **44.25**

No. 143 Sloping Top Cabinet to hold full size cases, steel, baked enamel finish, without type cases, lead and slug cases, spacing material cases - **75.50**

No. 143C Sloping Top Cabinet with full size cases, spacing material cases

No. 041C Flat Top Cabinet with matching cases (California 3/4), **\$141.75**

No. 043C Flat Top Cabinet with matching cases (California full size), **162.00**

No. 143C Sloping Top Cabinet with overhead rack and 24 cabinet-front cases (California full size) equipped with combination label holders and drawer pull; but without spacing material cases shown in cut, - **192.25**

Lead and Slug Cases (special) shown in overhead rack, - **15.25**

Spacing Material Cases (special) as shown on working top, (set of 8) **9.00**

Overhead Light, not shown, **5.50**

Cabinet-Front Type Cases

These cases have cabinet fronts, with combined case pulls and label holders. The bottoms have steel runners for easy sliding in the cabinet.

California Case, full size, **5.00**

Quadruple Cap Case, full size, **6.25**

Adjustable Case, full size, **5.25**

California Case, 3/4 size, **4.15**

Cap Case, 3/4 size, for 641 cabinet, **4.15**

Lead and Slug Case, 3/4 size, **4.15**

Blank Case, 3/4 size, **2.65**

Handy Working Stand

No. 45

Shipping Weight 25 lbs.

This hardwood stand, will take a 3x5, 5x10 or 6x10 press, and has a capacity for 16 Excelsior Cases, 16 California 3/4 Cases, or any combination of type, furniture, lead, blank, or any 16 1/2 x 31 1/2 cases. Can be used as imposing surface or make-up table if desired, by placing your platen back on a marble imposing stone on its top 18 1/2 x 26 1/2 inches—height 27 1/2 in. Sturdy hardwood 3x1 1/2 uprights. Every printer needs this convenient stand to save working space in his shop. **\$19.50**

Flat Top Cabinet

For Excelsior and other two-thirds cases

less cases

Flat top, sturdy construction makes an ideal foundation for 3x5, 5x8, 6x10 press, or excellent location for imposing stone, lead center, or other equipment. Drawer at top is handy for mallet, ink, furniture. Made of hard wood; 27 in. wide, 18 1/2 deep, 27 1/2 high. Price includes drawer.

Any 16 1/2 x 21 1/2 case (Excelsior, California, Cap, Lead and Slug, Blank, etc.) can be used in this cabinet. Holds ten cases. Ship. Wgt. 65 lb. **\$28.80**

TYPE CASES, LINE-UP GAUGE

Improved Excelsior Type Case

The double arrangement with capitals near the small letters saves time. Also 32 extra spaces at top, to hold odds and ends such as italics, fractions, signs, etc. Size, 16½ x 21¼ inches. Holds one large or two small fonts. - - - \$3.65

Fits No. 45 Flat Top Case Stand.
Shipping Weight 8 pounds

Furniture and Reglet, strips of hard wood very accurately cut to various widths from 6 to 120 points and 1 yard long, thoroughly oiled to prevent warping. When 12 points or less in width, it is called reglet and when wider than 12 points it is called furniture. Easily cut to any desired size. Used to fill blank spaces in and around forms. Reglet is often used in place of more expensive leads or slugs. May be cut with a saw by the user or use labor saving fonts of different sizes on this page.

NOTE—Quantities of less than 25 yards (either one kind or assorted) will be cut in two for use in shipping unless otherwise specified. *I wanted full length, add 25 cents per shipment.*

Labor Saving Wood Furniture

Fonts consist of an assortment of 2, 3, 4, 6, 8, 9 and 10 piece widths and lengths increasing by 4 piece steps, from 6 pieces to the full size listed. One of these fonts contains enough material to fill several channels of the size listed.

Cases or racks are not made for these, but you can make your own or use blank or adjustable cases shown on type case page.

Font F-55 consists of section E; F-58, sections E and F; F-60, sections E, F, G and H.

NO. 10 LABOR SAVING WOOD FURNITURE & CASE

This furniture is made from selected hard wood, planed perfectly straight and smooth, and accurately cut on the point system. Each font contains five pieces each of 10, 15, 20, 25, 30, 40, 50 and 60 pieces in length, by 2, 3, 4, 6, 8, 9 and 10 pieces in width, 280 pieces in all. Each piece is thoroughly oiled, to prevent warping or swelling and stamped on end with the size.

12 IN. FOR LINE GAUGE

One of these fonts is a first-class investment for any printer. The cost is but slightly more than strip furniture and it is sent and finished perfectly square and much more accurately than can be done by the printer. The furniture for any job is always ready, without cutting or finishing. The case is built from thoroughly seasoned hard wood, very strongly made, handsomely finished and varnished, and will last a life time.

Furniture and Case, as shown in the illustration above, - \$29.50
Shipping Weight 35 pounds.

Font No. 10 Furniture, only, as described above, 280 pieces, 16.50
Shipping Weight 35 pounds.

Shipping Weight 22 pounds.

AN EASY WAY—to buy cut-to-order Reglet and Furniture

For ease in figuring lengths you need—
12 points = 1/4-inch 42 pieces = 7 inches
12 points = 1 inch 54 pieces = 14 inches
12 points = 1 piece 6 pieces = 1 inch
72 pieces = 1 foot

Larger quantities at proportionate prices (\$5, 60 or more pieces).

.95 for any single quantity and size listed below. Sizes or quantities cannot be assorted at this price.

Quantity	Only one Width	Any one Length from
60 pieces	6 or 12 pt.	1 to 42 pieces
20 pieces	6 or 12 pt.	43 to 84
40 pieces	12 pt. (1/2")	1 to 42 pieces
20 pieces	18 pt. (3/4")	43 to 84
20 pieces	24 pt.	1 to 42 pieces
12 pieces	24 pt.	43 to 84
20 pieces	30 pt. (1")	1 to 42 pieces
10 pieces	36 pt. (1 1/4")	43 to 84
10 pieces	48 pt.	1 to 42 pieces
8 pieces	48 pt.	43 to 84
12 pieces	60 pt.	1 to 42 pieces
6 pieces	60 pt.	43 to 84
10 pieces	72 pt. (1 1/2")	1 to 42 pieces
6 pieces	72 pt. (1 1/2")	43 to 84
9 pieces	96 pt.	1 to 42 pieces
5 pieces	96 pt.	43 to 84
2 pieces	120 pt.	1 to 42 pieces
4 pieces	120 pt.	43 to 84

We cannot cut less than quantity specified of one size. Minimum quantity cut .95 cents' worth.

Inks, Compounds, Hand Rollers

Kelsey Inks

Some inks are much heavier than others, and bulk less to the pound. One pound lot of ink can be furnished in tubes for forty cents extra.

BLACK INKS

1/2-lb. tube
1-lb. can

Bond Black, a stiff ink, for hard surface papers, such as bonds, ledgers, etc. **\$.48 \$1.14**

Book Black, a soft ink for book papers and circular printing. **.46 1.02**

Half-tone Black, a soft ink for cuts, halftones and work on coated papers. **.58 1.44**

Glossine Black, for use on glassine and waxed papers, parchment, cellophane, celluloid, pyrexin and all surfaces on which the ink must dry on the surface rather than penetrate the stock on which it is used. **1.03 2.58**

Ezy-Klene Black, a dense black ink which will not dry on the press or rollers—only on paper or card. **.83 1.20**

All-Purpose Black, for general every-day use. **.46 1.06**

Black Ink Kit, 4-oz. tube each of Bond-, Book-, Half-tone- and All-Purpose black inks. **1.60**

ALL-PURPOSE COLORS

For general use. Any tint or shade may be made from these colors and mixing white (instruction sheet with ink on request).

Blue, Deep Red, or

Fire Red, **.59 1.74**

Brown, **.57 1.38**

Orange, **.58 1.68**

Green, Yellow, **.56 1.26**

Hand Rollers

Hand Inking Roller, 5 inch, complete with handle. **1.75**

Rubber Roller, 4 inch, with handle, can be used to ink up linoleum block cuts, electrotype, type forms, etc. or it may be used as an impression roller for making proofs. Roller with handle. **1.60**

A 9941 .90

Purple, extra fine for general use. **.96 2.04**

Special Heavy, Cover White, for printing white on dark surfaces, including black. **.56 1.26**

Special Mixing or Tinting White, for making lighter tints of all colored or black inks. Not to be used for printing white on black—use Cover White for that. **.48 1.02**

Ink Color Mixing Kit, 4-oz. tube each of Deep Red, Yellow, Blue and Mixing White. **2.05**

Silver Ink, ready to use. **1.18 3.30**

Gold Ink, mix when ready to use. **1.95 5.98**

***Directions for mixing on each container Ink Drier**, to use in your ink when it is necessary to make it dry faster than usual, or when ink dries slowly. Use very sparingly. Quarter pound handy screw top can. **.45**

Ink Reducer, a liquid for preventing sticking of ink rollers or paper. Use only a few drops. Per bottle. **.72**

Thinning Varnish, for thinning ink when it is too stiff to work properly. Use only a drop or two at a time. 1/2 lb. handy screw top can. **.43**

Gloss Varnish, to put in ink to make a shiny impression or can be used alone to give a shiny surface to a label or any other printing desired. For making a glossy after finish, a tint block may be used with this gloss varnish in place of ink. Valuable for thinning ink. Quarter-pound handy screw top can. **.40**

Anti-offset, Anti-picking Compound. A paste compound which is mixed into the ink to overcome offsetting or picking, especially on coated paper or card. Only a very small quantity is used and it can be mixed on the ink plate or on an ink slab. Per tube. **.50**

Ink Tints and How to Obtain Them

Magazines, with their colored pages, are printed in only four colors, no matter how many tints and colors are visible. The colors used are red, yellow, blue and black. All the browns, oranges, purples, greens and their infinite variations are produced by printing one or more of the four colors.

You have the opportunity of using this same method. To simplify your work, you can buy, not only the red, yellow, blue and black ink, but the green, brown, orange and purple. This makes it unnecessary to print one color over the other on ordinary work. But, if you get a job calling for green as well as blue and yellow, the simple thing to do is to print the blue over the yellow for the green, rather than put it thru the press again for the green alone.

There are hundreds of tints in all colors, and to the expert there are thousands. Obviously it will be impossible for any ink maker to carry all of them on hand, and just as obviously, the printer cannot afford to tie up his money in bewildering variety of tints.

For mixing purposes, you will want a piece of glass or marble slab. An ink knife, a putty knife, or some similar instrument is needed for the mixing. The ink knife, being made for the purpose, is most satisfactory. To get your color be sure that you use the lightest ink as the

Embossing Compounds for Raised Printing

Instructions for raised printing, (plateless embossing or engraving) 5 cents, or free with compounds and inks, if requested.

For Bond Black or All Purpose colored inks, which we recommend for plateless embossing, use gloss or dull embossing compounds.

Gloss, or Dull, tube, **.5 1.79**
1/2 pound, **2.06** 1 pound, **3.96**

Bronze, or Aluminum, tube, **1.27**
1/2 pound, **3.66** 1 pound, **6.60**

New England Inks

New England Inks are made to fill the demand for a lower priced ink with somewhat less body than regular Kelsey inks. These inks are suitable for poster, circular and other low-priced work. They may also be mixed with regular inks when the higher grade is a little too stiff to work on some kinds of stock; or the regular ink can be used to stiffen New England inks. Owing to their low price, they cannot be sold in smaller quantities than one pound. Poster Black Ink, 1 lb. can. **1.60**
Poster Colored Inks, Red, Blue, Green or Yellow 1 lb. can. **.78**
Five pound lots, one kind or assorted, your own selection, black and colors. **3.30**
Standard five pound assortment, if you do not specify colors, 1 lb. each, Black, Red, Blue, Yellow and Green. **3.12**

instrument is needed for the mixing. The ink knife, being made for the purpose, is most satisfactory. To get your color be sure that you use the lightest ink as the

base, and put very little of the darker in until you find out what is necessary. For grey, use white with a speck of black mixed in. Likewise, in making green, yellow should be used as the base, with a little blue added, etc.

For lighter tints of blue, red and other regular colors, use white, and tint with the color. Try a few tints, and see what pleasing combinations you can make with very little work.

Ink Knife

Ink Knife for mixing tints, colors, and "working up" ink to exact printing consistency; 3 1/2 inch, square end blade, wood handle. **.45**

Ink Mixing Slab

White marble, planed and polished, size 8 x 12 x 3/4 inches. Makes an excellent surface on which to mix ink tints and colors, each **2.95**

D-1

Punch, Staplers

All staples used on the binders and staplers shown below are cohered (frozen together) which enables you to load the machines without piling or spilling the staples.

No. 1 Improved Binder

\$14.00

This Binder will effectively meet all the needs of a small printing office. It takes 100 staples at a time and will bind from two sheets to one-fourth inch, no changes or adjustments being required for difference in thickness. Equipped with anti-clogging device and flat table. Has a reach of 4 1/2 inches. Uses staples with 3/4 to 1/2-inch leg.

With Complete Instructions
Shipping Wt. 12 pounds

Raised Printing, Inks, Hand Rollers

Make Raised Printing—That Popular Embossed Effect—with Your Press

Complete Outfit \$14.95
Ready for Work

Raised Printing Unit only, \$12.00

This Raised Printing Machine is simple to operate, and for efficiency has an asbestos lining with a chrome plated reflector—designed for Raised Printing. It will handle cards, letterheads, wedding, announcements, menu covers, etc. up to 12 inches in width. Capacity 600 letterheads per hour on any 110-120 volt current.

The RAISED PRINTING OUTFIT consists of:

Embossing Blue Ink, 4 oz. tube
Bond Black Ink, 4 oz. tube Gloss Compound, tube
Red Ink, 4 oz. tube Dull Compound, tube

COMPLETE INSTRUCTIONS WITH EVERY OUTFIT

Most of the cards, stationery, etc. which you see nowadays, which look engraved, are not engraved at all. We are now able to offer every Kelsey Press owner an outfit which will produce this handsome work—black or colors—at a remarkably low price.

Shipping Weight 10 pounds

This machine is NOT a press but is used with a press. Printing is done in the usual manner, and then each sheet is dusted with our Special Embossing Compound and put in the Raised Printing Unit. The effect is magical—a beautiful embossed appearance which can only be distinguished from actual embossing by the experienced.

INKS

We are listing those of our inks which are suitable for use when embossing.

	1/2 lb. tube	1 lb. can
Bond Black	\$.48	\$1.14
Deep Red	.69	1.74
Fire Red	.69	1.74
Blue	.69	1.74
Yellow	.48	1.26
Green	.56	1.26
Brown	.57	1.28
Orange	.58	1.69
Purple	.96	2.04
Ten (use with bronze or minimum compound)	.54	2.64

COMPOUNDS

Gloss (bright) or Dull (plate finish)—Tube \$.79; 1 lb. 2.06; 1 lb. 3.86; Bronze or Aluminum tube, 1.27; 1/2 lb. 3.66; 1 lb. 6.50

Read Carefully When Ordering An Embossing Outfit.

The Excelsior Raised Printing Outfit can be used on 110-120 volts A. C. or D. C. socket. Furnished complete with six feet of cord. Cannot be used where there is no electricity nor on any other voltages.

NOTE: Dull Compound doesn't produce a "raise" so much as a rough finish. U. S. postage stamps are good examples of this engraved surface this powder reproduces. For highly raised surfaces use gloss compound. Dull and gloss may be raised for different degrees of raise.

12 x 21-inch PRINTING PRESS \$98.75

No. 02 Proof and Poster Press

The No. 02 Press, while originally made for printing proofs, has become popular with all printers who, in addition to proof work, have short runs of large jobs, but don't feel justified in making a large investment in additional equipment.

This press is popular, too, with advertising managers, advertising agencies and all firms requiring first-class printed proofs of cuts, type forms, plates, etc. Schools use it for linoleum block work, for producing school newspapers, and posters of school events to be put up in store windows.

Cast iron bed, accurately machined. Roller-bearing action throughout assures easy action on heaviest forms. Steel bearings on cylinder 1-inch wide. Accurate cylinder with hard outside covering and softer core.

Owners of Excelsior or other presses can use the ink plate and roller of their present machines with these presses.

No. 02 Roller-bearing Proof and Poster Press

With galley thickness bed plate, \$98.75
Inking Outfit (consisting of marble ink slab, tube of All-Purpose Black Ink, hand roller and handle) \$ 5.18

Bed size, 13 1/2 x 23; printing surface, 12 1/2 x 21; space occupied by press, 18 1/2 inches.

Cutting Sticks, half-inch square, for 16" cutters, dos. 2.28; 8 dos. 4.55; for 19" cutters, dos. 2.58; 8 dos. 5.15
Not less than one dozen sold, nor do we carry any other sizes.

Universal Punch

Sturdily constructed of heavy sheet steel 3/16-inch thick, die formed, finished in green enamel and highly polished nickel plate with felt base. This punch will make four 3/8-inch holes in 12 sheets of ordinary bond paper. The handle contains 4 movable stops which are used to cover the holes over the punches you desire to use. The side gauge is double marked and can be used from either end. Has a pin on bottom for holding scrap punches—usually restored by pressing on edge of pan.

Please be sure to show numbers or names on all items. If stationery, cards or paper, state color and size. If type, whether regular font, large font, or what part—also size—6 point, 8 point, etc. If you have bought from us before under another firm name, or have moved since you ordered last, it will help if you give your old firm name or address.

Terms—Cash with order. On orders for \$10.00 or more, if one third cash accompanies order balance may be shipped C.O.D. in U.S.A. Send check, postal, express or bank money order. We will ship telegraph order if money is wired at the same time. Any amounts due on previous orders will be added to last order and collected C.O.D. If exact amount of order is unknown, send estimated cost, balance may be C.O.D. On orders for \$3.00 or more where old cash accompanies order, you can deduct 2%, which is the saving we make on bookkeeping when no C.O.D. is required. **Before sending in your order**, look carefully over your catalog and be sure you have included everything you need. We must respectfully decline

How to Order

Cut Sizes—You can mix or assort any of the 5,000 or 10,000 lots (not including News White or Colored Advertising) using the 5,000 or 10,000 price, in order to obtain this special 5,000 or 10,000 price do not order less than 500 of one kind or color, or mix different classifications.

Notes—Envelopes, Paper, Ruled Goods and Cards can not be mixed together to obtain the special price. Cover stock is grouped with paper.

SAVE MONEY

Always buy in 1,000 lots—but you can get 2 sizes of paper, cards or envelopes (500 of each) and obtain the 1,000 lot price on each. However, please do not mix envelopes, papers and cards—price is for 1,000 paper only, cards only, etc.

to fill orders amounting to less than one dollar, because the loss on each order is so great that we must otherwise make it up in some other way and we prefer to keep prices low. Many orders for less than two dollars are handled by us at an actual loss and we earnestly request the cooperation of our customers in reducing this whenever possible.

Envelopes—Different sizes may be assorted when ordering to get the 1,000, 5,000 or 10,000 price. Symbols indicate: □ wall flap; ▽ deep pointed flap; ○ commercial flap.

Ruled goods—Statements and Billheads of different sizes and styles may be mixed to obtain the quantity prices.

Stationery—You can mix or assort any of the numbers on stationery in lots of 5, 12 or 48 and use the 5, 12 or 48 quantity price.

6 x 7 sizes—Sizes listed as 6 x 7 are trimmed ¼ of an inch under size in order that they may be used in size 6½ envelopes.

SPECIMENS of TYPE

CONNECTICUT TYPE FOUNDRY

GRADE "A" FOUNDRY TYPE—This type is made from the best alloy material, standard height (10 1/2 in. of an inch), on mangle-roller type casting machinery, and will work on any standard printing press.

Large, Regular, Medium and Cap Fonts—We list and supply many of our type faces in two sizes of complete fonts. **LARGE** and **REGULAR** (1/2 the Large font) and "CAP" fonts (capital letters only). In some cases, **MEDIUM** fonts are supplied where the large font will not be used. The cost of the cap font from the large font. We do not split the regular or medium fonts into separate caps and lower case. Type in large fonts is much more economical to use, but for the convenience of those who require only a small quantity of some styles we list both sizes, and our customers are furnished only with regular, medium and large fonts, and with separate cap or lower case fonts.

Spaces and Quads Included Free With Every Large Font, Medium Font, or Regular Font—Please note that all large, medium or regular type fonts listed here include spaces and quads—(one sixteenth line of separate pieces) at no extra charge, which is the price of other foundries do not.

Type for Printing in Foreign Languages—Spanish, Italian, French, Swedish, Polish, and other foreign language printing requires even different. Ask for them.

IMPORTANT!—Give number and price **BEFORE** ordering new lines. Do not use numbers or prices before specimens. Do not cut this book.

Bold, Em, 8, 10 or 12 point, set of 100, 1.70
 8 point Bold face Em Fractions 1/2 1/4 3/4 1/3 2/3 1/5 3/5 2/5
 Not more than one size or style to an assortment. In ordering be sure to state which is wanted. Regular assortments are based on average requirements. Assorted to order, add 50 per cent to above prices.

Self-Spacing Piece Fractions

1234567890 1234567890
 (10 pt.) 1234567890 1234567890

The forty characters shown above are sufficient to make up, by various combinations, any fraction desired, even uncommon, seldom used fractions. Made this way: 1/2 makes 1/2, 3/4 makes 3/4, 5/6 makes 5/6, 7/8 makes 7/8, 9/10 makes 9/10.
 8 Point Font, (app. 125 pieces,) 3.25
 10 Point Font, (app. 240 pieces,) 3.25
 6 and 12 point cannot be furnished.
 For less than a font, use "Extra Letters" prices.

Bold Combination Fractions, for use with all bold faces of type.

1/2 1/4 3/4 1/3 2/3 1/5 3/5 2/5 1/6 5/6 7/8 1/7 3/7 5/7
 1/8 3/8 5/8 7/8 1/9 2/9 4/9 5/9 7/9 8/9 1/10 3/10 7/10 9/10
 (10 pt.) 3 4 5 6 2 4 6

With these characters, all of the fraction twelfths, sixteenths, thirty-seconds and sixty-fourths can be made by combining two or three characters. The fractions half, quarters, thirds and eighths are made with one character.

This way: 3/4 makes 3/4; 5/6 makes 5/6.
 8 Point Font, approximately 235 pieces, 2.90
 10 Point Font, approximately 215 pieces, 2.55
 12 Point Font, approximately 185 pieces, 2.70
 For less than a font, use "Extra Letters" prices shown in price list.

REPAIR AND BIND BOOKS

An inexpensive equipment starts you in this interesting and profitable field—an ideal hookup with printing.

Bookbinding may be pursued as either a hobby or a money-making enterprise, or the two objects may be combined—a most pleasing and satisfactory way of earning money and enjoying yourself while doing so. It may be carried on in conjunction with a printing business, or separately—you don't have to own a printing outfit to be a bookbinder.

There are all sorts of bookbinding jobs—magazines like the *National Geographic* may be bound and kept, books whose bindings are damaged, minutes of meetings, scrap books may be made, etc. If you want to make money you can put a small classified advertisement in your local newspaper, offering your services. Books in libraries are in constant need of re-binding, and a nice business may be picked up thru an arrangement with the

town or city library. As a means of artistic expression, bookbinding vies with fine printing, and there is almost no limit to the possibilities, either as a fine art or as a broad-and-butter proposition.

The following materials have been carefully selected to give you a satisfactory range for all ordinary bookbinding, in quantities small enough to be practicable, and at prices which are lower than are obtainable elsewhere except on a much larger volume of merchandise.

Our Bookbinder's Guide is furnished free with each complete outfit, complete set of tools or with any order for supplies amounting to \$3.00 or more when requested. Regular price of this Guide otherwise is 15 cents.

This Bookbinder's Guide is written the same as our Printer's Guide with the inexperienced person in mind. It has been repeatedly tested by beginners and you'll

be surprised at the simplicity of bookbinding as it proves to be with these instructions.

Other items shown in the Printer's Supply Book which can be used in bookbinding are:

Bodkin—for piercing holes in sheets for overcast or whipstitch sewing.

Cord Cutters—for trimming cards, paper, leather and cloth covering materials, etc.

Printer's Paste—for repairing and making up covers, tipping in illustrations, etc. All small cuts and emblems can be used on book covers for decorations, etc. These cuts will be found listed in the Cut Circular and elsewhere in the catalog. Our standard printer's type can be used for stamping on short runs. Also see padding equipment listed in the catalog. Padding clamp may be used for pressing books, either repaired or newly bound.

COMPLETE Bookbinding Outfit

With supplies for binding several Books or Magazines

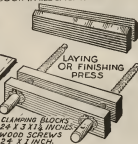

The special price introductory outfit consists of tools (Laying Press, Sewing Bench, Backing Boards, Bookbinder's Knife), as illustrated, with the addition of:

- 4-yd. Heavy Super Cloth
- 4 sheets 16x20 Binder's Board
- 1 yard Art Bookman, Black
- 1 Hand Sewing Needle
- 4-oz. skein Irish Linen Thread
- 4-yd. Red and Gold Silk Headband
- 1 sheet 16x20 End Sheet Paper
- 1 Bristle Brush and Paste Brush
- 1 1/2 Bone Folder
- 1 Can of Paste
- 4-lb. Flexible Glue

Complete

BACKING BOARDS—USED FOR HOLDING BOOK WHILE BACK IS FORMED

BOOKBINDER'S KNIFE

4-piece outfit shown

Bookbinding Supplies Coverings

Book Cloths, good weight, smooth finished cloth for full or part covering of books. 38 inches wide in Black, Red, Blue, Green or Brown. 1 yd. 3 yds., 4 yds.

Miscellaneous

Heavy Super Cloth, for reinforcing backbones and end sheets after book is backed and reglued; 36 inches wide. Per yard, 4 yds.

End Sheet Paper, cream white, made for end sheets of books. Size 16 x 28 in. 24 sheets, 100 sheets.

Colored Headband, for decorative effect at top and bottom edges of book. Per yard, 10 yards.

Binder's Boards, also 15x20 inches, for making the case or body on which the cloth is pasted. Per half-dozen boards, one dozen.

Marbled Paper, for end sheets of books, or sides where cloth or leather is used on corners and on back; handsome designs, gold with red predominating. 20x27 in., 6 sheets, 24 sheets.

Sewing Tape, cotton, 1/4 inch wide, for sewing in turning backs and signatures. Per yard, 5 yards.

Printer's Paste, a stick-gray, jelly-like adhesive. Very satisfactory for various kinds of pasting work, make-ready, etc. 4oz. tube, pint can.

Padding Compound, per lb. can.

Glue and Paste Brush, one inch wide, for general binding use.

Flexible Glue, for gluing up books previous to putting on backs, and for applying reinforcements. Per pound, 30 yds.

Ground Glue, a high grade glue for making up covers, etc. Per pound, 30 yds.

Black Gummed Holland Cloth, 1 1/2 inch wide, gummed one side; for binding front, back, and sides of pads, order books, etc., and for putting covers on books. Can be used for reinforcing bindings which are becoming loose, for cloth joints any place where either strength or a finishing touch is required. 10-yd. strip, 30 yds., 100 yard roll.

White Gummed Holland Cloth, one inch wide, for cloth joints or reinforcements. 10-yd. strip, 30 yds., 100 yard roll.

Bookbinder's Thread, for hand sewing of books. 1/4-ounce skein, 30 yds.

Hand Sewing Needles, for sewing books. One, 6 for 12 for

Folder, for hand-folding sheets and rubbing down joints after book is made up. Each.

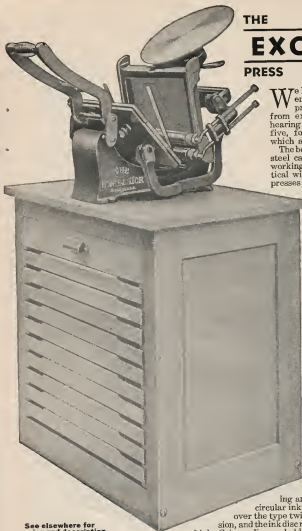

Genuine Gold Leaf, hand-beaten, for decorating covers and edges of books; 22 1/2 karat gold, leaves 3 1/2 x 3 1/2 inches. Book of 25 sheets. Not available.

Gilding Powder, a very convenient ready-to-use dry adhesive for gold leaf. 1-ounce box. Not available.

PUNCHING DIE

Round-hole punch for use in press Small steel device like emulsors, but type high, with a circular cutting edge and spring ejector plungers for pushing out waste automatically.

Punching die is locked in the chase and set on the press like any type form. A small piece of brass (supplied with each punch) is glued on tympan and punch works against this, with paper or card stock to be punched in between. Gauge pins are set on tympan, and paper or card sheets fed same as any other job. As many punches as required can be put in press at once for multiple-hole punching. Punches round holes 1/4-inch in diameter.

THE

EXCELSIOR

PRESS Self-Inking, Portable

We have built presses for over seventy years, so when we say this press is made to last, we speak from experience. We are constantly hearing of Kelsey machines twenty-five, forty and even fifty years old, which are in active service.

The body of the press is one solid semi-steel casting, as are all the principal working parts. This construction is identical with that used in large printing presses costing many times as much, and there is no satisfactory substitute construction if the press is to give good, clear printing. Sheet metal stampings, light weight blanks and thin castings put together by mass production methods result only in flimsy toys, instead of practical printing presses, and we do not make them. Parts are planed or turned, and tested by gauge. Accurate jigs assure perfect fitting of the whole machine. Ink rollers are our own, high grade composition, so well liked by professional printers everywhere that we furnish them to large press owners all over the country. Finish on the press is a durable, sprayed-on battleship grey enamel, all machined surfaces being protected during the painting operation. Finally presses are given careful examination before the inspector puts his initials on the stamp which holds him responsible for the O. K. Every press is fully warranted.

A downward pressure on the lever makes the printed impression. This lever has two connections (which you can see) with the body and the plate which holds the paper, giving unusual leverage and preventing any twisting. Ink is spread on the

circular inking disc. The inking rollers pass over the type twice between each printed impression, and the ink disc revolves, giving even distribution of ink. Gripper fingers hold sheets firmly and remove them from the type when printed. Impression or pressure on type is quickly

See elsewhere for price and description of Hardwood Cabinet.

regulated with screws, one of which can be seen in the picture. The chase or frame holding the type can be taken out of the press or put back by pressing a single catch. Speed depends upon circumstances: from 600 to 1500 per hour OR MORE, according to the size of the sheet being printed. Complete, easily understood instructions go with each press. The press sizes (3x5, 5x8, etc.) refer to the space you can print at one time in the press. THE PAPER MAY BE ANY SIZE. Or you can run it thru the press twice and double the area printed. 8 1/4 x 11 letterheads can be printed on the 3x5 press if the printed lines are not longer than five inches, and a 5x8 press will cover the whole top of such a sheet, with a quarter-inch margin on each side.

\$450
With Treadle

STAR PRESS \$480
With Treadle and Throwoff

Price of press, as
shown, \$450.00
(with treadle)

Here is a press which is so light and easy running that you can operate it by foot without fatigue, yet you will get the same speed and performance that you would expect of more expensive machines. The Star can be run just as fast as sheets can be fed to it, yet it can be stopped in a quarter turn of the wheel. If you prefer an impression throwoff, the press can now be had with that, at slight extra cost, but it is perfectly satisfactory without one.

Size of chase 7 x 11 inches

The size of the Star readily adapts itself to general work, so that it is of value equally, whether you wish to print for profit, or take care of your own printing requirements.

Like all our presses, it is our own exclusive make, sound in every mechanical principle. Impression earned by compound leverage, with dwell, quick return and a rest for feeding, with very wide opening for ease in handling sheets.

Make no mistake. The low price on the Star is only possible because our unalterable policy is to sell to you direct from the factory, and thus save for you 25 to 40 per cent of the cost. As for reliability—we have built presses for over seventy-five years—how many other press manufacturers can say as much?

Though, in response to the desire of many of our customers, we have added a complete built-in electric motor equipment to the Star Press, we shall continue to furnish it in the regular style for those customers who do not have electricity available and expect to operate it by foot power or by belt from some other source. So well balanced is the Star that it may be run by foot for long periods with scarcely any effort, and if later the built-in motor equipment, as illustrated below, is desired, it can be added at any time. The chase size, 7 x 11 inches, inside, is the actual size of the type form or printing space, and takes in the majority of common jobs. Larger sheets can be printed as they may extend outside the press.

If you have held off about getting a foot or power press because of the cost, you will by all means want to read this. No need, probably, to remind you that a 12 presser, the smallest otherwise available, cost, ready to run, considerably more. The Star 7x11 press is the answer to your problem.

Electrified Star Press

Ink Fountain, with press,	\$36.42.
Separately,	38.42.
Extra Rollers, per pair,	3.06.

Outfit Z—With press equipped with built-in motor and throwoff, no treadle	\$663.07

The Special Star Press Price, of \$10 less than listed, may be applied to any outfit that you select which totals as much (\$59.92 for outfit alone) or more.

Prompt Shipment—As is the case with all Kelsey machines, we carry these presses in stock, on our floor and can make shipment the same day your order is received.

Price of press, as
shown, \$504.00
(with motor & throwoff)

The Star has always been a favorite with printers, completely motorized and with throwoff at less than its new price. If your requirements or pocketbook don't justify the purchase of a large power press, you can get the Star and be able to handle a big range of very profitable work on a low cost basis. The electrified Star is furnished as shown with motor

mounted on frame, adjustable for distance from flywheel by one thumb screw; one quarter horsepower, 110-130 volt A. C. motor; pulley for press speed of 100 per hour; ready to operate from your light socket. Different voltages 2, or D. C. 5, more. Another pulley to provide 2500 per hour operation costs \$1, or will be furnished in place of regular pulley on press at no extra charge.

Floor Space

Revised Rules for Bridge

- 1 Pick up your cards as dealt. You will be ready to bid ahead of the others.
- 2 If your hand is rotten, mention it. It will guide your partner in his bid and play.
- 3 If your partner bids first, don't hesitate to raise. He has to play it.
- 4 Never hurry. Try several cards on a trick until you are sure which one you prefer.
- 5 Occasionally ask what is trump. It will show you are interested in the game.
- 6 Don't show lack of interest when you are dummy. Help your partner out with suggestions.
- 7 Walk around the table when you are dummy and look at the other hands. Tell them what cards are good and how many tricks they can take if they play right.
- 8 Talk about other subjects during the game. It makes for good fellowship.
- 9 Feel free to criticize your partner. He will do much better as a result.
- 10 Always trump your partner's tricks; never take a chance.
- 11 Don't try to remember the rules. It is too confusing.
- 12 If it is a money game, always stop when you are ahead. It will leave a lasting impression and folks will remember you.
- 13 Always explain your plays, particularly when set. It shows your card knowledge.
- 14 Disagree with established rules and conventions. People will know you are a person of independent mind.
- 15 If holding poor cards, expose an honor and demand a new deal.
- 16 Eat chocolate caramels or other adhesive candy while playing. It keeps the cards from sliding.

Curious Bible Facts

A prisoner, condemned to solitary confinement, obtained a copy of the Bible and by three years' careful study, obtained the following facts:

The Bible contains 3,668,689 letters, 77,632 words, 31,117 verses, 1,112 chapters, and 52 books. The word and occurs 45,217 times. The word Lord occurs 1,255 times. The word He-revered occurs but once, which is in the 5th verse of the 11th Psalm. The middle verse is the 5th verse of the 11th Psalm. The 21st verse of the 1st chapter of Ezra contains all the letters in the alphabet except the letter J. The first chapter to read in the 5th chapter of the Acts of the Apostles. The 17th chapter of 11 Kings and the 17th Chapter of Isaiah are alike. The longest verse is the 6th verse of the 1st chapter of Esther. The shortest verse is the 5th verse of the 11th chapter of St. John. The 1st, 18th, 21st and 21st verses of the 10th Psalm are alike. Each verse of the 23rd Psalm end alike. There are no words or names of more than six syllables.

ALPHABLOX

You Can Decorate, Make Letters, Monograms, Borders, or Ornaments, with These Handy Type-Blox.

There's no limit to the use you can make of Alpha-Blox. For example, take letters. With these (see below)

you can make **A a d n a a**—and so on.

Use the same characters for decorators, type spots, corner pieces, borders, panels—all sorts of work on all sorts of printing—cards, stationery, programs, advertising leaflets, menus, movie titles, etc. You'll see them in the magazines, often in colors, for there are two kinds of Alpha-Blox, the solid and the shaded.

The characters have been carefully designed to fit together just like blocks, as the name implies. Every piece is 12 points square, like an em quad. Quantity of each character in a font has been planned to give you the greatest possible use. In addition, if you want to work out something spe-

cial, you can get packages of all one character.

Either kind can be used separately, or together for two or more color work.

SHADED ALPHA-BLOX

Regular Font (app. 226 asst. pc.)

Large Font " 463 " "

SOLID ALPHA-BLOX

Regular Font (app. 200 asst. pc.)

Large Font " 603 " "

Extra Alpha-Blox, solid or shaded:

All one design, 18 pieces or less.

Assorted designs, 18 pieces or less.

1 lb. all one character (app. 120)

1/4 lb. " " " "

12 point em quads to fill in between letters, per lb. 2 1/4 lbs.

USE TWO COLOR PRINTING

Some Two-color Possibilities

These specimens are only a few of the many ways that monograms can be used on stationery etc.; another color would add further to their appeal. Increase your business by suggesting this to your customers.
